

A couple of suggestions to help folks find our YouTube Channel, making Donations easier to find and also links for TheTransmission Wednesday services. Each of these can be reached from our ascensionnl.ca website.

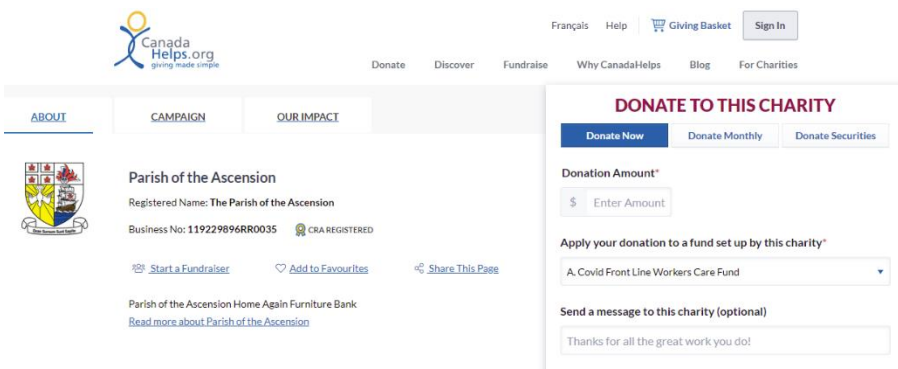

- To access our YouTube Channel, go to the ascensionnl.ca homepage and on the right hand corner there are icons for linking to the Parish Facebook page, Twitter Account and also our YouTube Channel. Click on the YouTube icon and this will link to our YouTube videos. This will be useful when we broadcast services on YouTube as well.

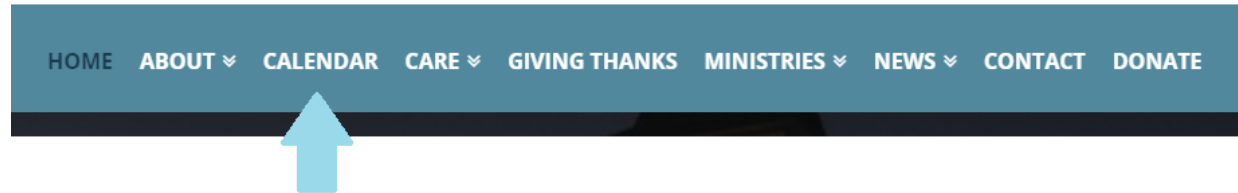

- To make the donations easier we could direct people to our website and then press the Donate button. This will take them directly to the CanadaHelps.org site for the Parish.

The user will then be directed to the CanadaHelps.org page as below:

- Also for the Wednesday Morning and Evening services people can check our Calendar entries as these have links to allow people to go directly to the other sites.

And then users will see the list of the services as below for each day the services are listed and then on the right the list for the month. Clicking on any of the links will show the details for the service:
